Fiddler's Creek CDD #1 Monthly Summary & Next Steps

Final Sonar applications were applied this month. Most lakes have achieved total control of submersed vegetation. The last treatments were on lake 2 and 7A where we are confident in total control within the next few weeks.

Broadleaf weeds & Torpedo grass remain present within littoral plants, however, after each treatment cycle we are noticing a reduction in regrowth of unwanted vegetation and considerable regrowth of beneficial littoral plants, especially Bulrush in designated littoral shelves.

We have seen an increase in algae growth and have treated accordingly. This can be attributed to external loading of rainfall as well as the decaying of submersed vegetation. We will continue to treat when necessary for any algae blooms as well as continue to reduce torpedo grass & broadleaf weeds

Rating definitions - Optional Standby: Applicable for supplying backup power for the duration of the utility power outage with correct maintenance performed. No overload capability is available for this rating. (All ratings in accordance with BS5514, IS03046, UL2200, and DIN6271). * Maximum kilovolt amps and current are subject to and limited by such factors as fuel BTU/megajoule content, ambient temperature, altitude, engine power and condition, etc. Maximum power decreases approximately 3.5% for each 1,000 ft (304.8 m) above sea level; and also will decrease approximately 1% for each 10 °F (6 °C) above 60 °F (16 °C). **Sound levels are taken from the front of the generator. Sound levels taken from other sides of the generator may be higher depending on installation parameters.

Service and Non-Service Rated Automatic Transfer Switches

Automatic Transfer Switches

Description

This series of Generac Automatic Transfer Switches is designed for use with single phase generators that utilize an EvolutionTM or NexusTM Controller. The 100 and 200 Amp open transition switches are available in single phase in both service equipment rated and non-service equipment rated configurations. The 150 Amp open transition switch is only available in a service rated equipment configuration.

Standard Features

Service rated (RXSW) Generac Automatic Transfer Switches are housed in an aluminum NEMA Type 3R enclosure*, with electrostatically applied and baked powder paint. The Heavy Duty Generac Contactor is an ETL recognized device, designed for years of service. The controller at the generator handles all the timing, sensing, exercising functions, and transfer commands. All switches are covered by a five year limited warranty.

* Non-service rated (RXSC) switches are housed in a steel enclosure.

Load Management Technology

Through the use of the integrated Smart A/C Module (SACM), these switches have the capability to manage up to four individual HVAC (24 VAC controlled) loads with no additional hardware. When used in tandem with external Smart Management Modules, a total of eight more loads can be managed, providing the most installation efficient power management options available.

Functions

All timing and sensing functions originate in the generator controller.

41 42 43	THIRD	ORDER OF BUSINESS	Quality Control Lake Report - Premier Lakes, Inc. (Alex Kurth)				
44		Mr. Bill Kurth presented the Quality Contro	I Lake Report and highlighted the following:				
45	\triangleright	Additional Sonar [®] treatments were applie	ed to previously treated lakes; initial results				
46	look v	ery good. The herbicide remains in the water	for a time as it works slowly; 100% control is				
47	anticip	pated.					
48	\triangleright	Water levels are improving but are still very	v low.				
49	\triangleright	Broad leaf weeds in the broad littoral she	elves have been a challenge but headway is				
50	being	made. Areas mentioned last month were	sprayed multiple times but more work is				
51	neede	d. Bare areas are doing well with benef	icial littoral plant growth and should look				
52	signific	cantly better within one month.					
53	> Algae is being treated when observed, particularly in shallow areas such as Cardinal						
54	Cove.	Aggressive treatments will be repeated.					
55		Discussion ensued regarding the lake acros	s from The Club, which has significant algae.				
56		A Board Member stated that lake is owned	by The Rookery. Mr. Kurth stated that area is				
57	treate	d by a different vendor.					
58							
59 60 61 62	FOUR	TH ORDER OF BUSINESS	Update: Collier County Comprehensive Watershed Improvement Plan (Daniel Roman)				
63		Mr. Pires stated he received an email yest	erday advising that Mr. Daniel Roman could				
64	not at	tend today; he will attempt to reschedule.					
65							
66 67	FIFTH	ORDER OF BUSINESS	Health, Safety and Environment Reports				
68	Α.	Irrigation and Pressure Cleaning Efforts					
69		Mr. Hennessey reviewed the Monthly	PowerPoint presentation, which included				
70			oncerns to Irrigation@Fiddlerscreek.com or				
71	<u>Pressu</u>	rewashing@Fiddlerscreek.com or directly t	to the Safety Department. He reported the				
72	follow	ing:					

The flag outside the building was replaced following the last meeting. It was noted that
the flag on the center median on 951 is the one that needs to be replaced. Mr. Hennessey
stated it will be addressed promptly.

76 > The hole on Mulberry that was discussed at the last meeting was addressed.

Juniper advised that GulfScapes might have trimmed trees and addressed issues in CDD
 #1; upon receipt of the invoices, GulfScapes will be compensated based on the CDD's contract
 with The Foundation. Questions about trees should be emailed to Mr. Hennessey, with a photo
 and the exact location.

Mrs. Adams submitted information about a CDD oak tree leaning over The Foundation's property that needs to be trimmed back to the hedge. Mr. Slater stated a CDD tree limb is hanging over a homeowner's roof at the corner of Bent Creek and Fiddler's Creek Parkway. Mr. Hennessey stated those will be addressed.

85 Discussion ensued regarding a dead ligustrum opposite The Club.

86 Mrs. Adams stated it is on The Foundation's property.

87 > The Championship Gate Monument was pressure washed.

88 Asked if a proposal for painting the monument was received, Mrs. Adams stated she is 89 waiting on an additional proposal.

90 > Crews were advised to be attentive and perform complete cleanings. The crews will
 91 address any unsatisfactory areas, safety concerns and monuments.

92 Mrs. Adams advised Mr. Hennessey about a slip and fall hazard on Mulberry Lane that 93 needs to be addressed by the pressure cleaning crew.

94 Mr. Hennessey stated the same pressure cleaning schedule will be followed next year 95 and special needs will be continually addressed and prioritized.

96 B. Security and Safety Update

97 Mr. Hennessey reviewed the monthly PowerPoint presentation, which included 98 reminders to first call 911 in an emergency, followed by reporting the incident or other non-99 emergency matters to the Community Patrol. He encouraged residents to register guests via 100 the member's website, mobile app, calling the Automated Gatehouse or emailing 101 <u>Safety@Fiddlerscreek.com</u>.

FIDDLER'S CREEK CDD #1

Staff members are directing trucks going to Marsh Cove, Cherry Oaks and the golf
 course to use the construction roads rather than private roads.

Mr. Hennessey discussed an incident in which three males were seen on a homeowner's camera at 11:40 p.m., on Wednesday June 14, 2023. It was not reported to Security until Thursday June 15, 2023 at 10:30 a.m. The homeowner thinks one was holding an air horn. Mr. Hennessey immediately advised the caller to contact the Sheriff's Department. Sheriff Deputies canvassed the neighborhood. On Friday, June 16, 2023, a door was knocked on in Chiasso. This is thought to be a TikTok prank involving knocking on doors and running away. There was no invasion, robbery, burglary, violence or vandalism.

Mr. Parisi reported the following:

SIXTH ORDER OF BUSINESS

The Oyster Harbor and Dorado communities are under construction; 18 homes on Fanny
 Bay North are sold and most are under construction. Seven in Dorado are under construction.

Developer's Report

Construction Compound: Landscaping and hydroseeding were completed. Sod has not
 been delivered yet. Some fencing issues arose due to a fire hydrant but the fence should be
 completed next week. When the project is complete, only one set of gates will remain.

Championship Gatehouse: The plan will be submitted next week. It will look similar to
 the other gatehouses. The intended start date will be August 1, 2023. Mr. Jonathan Walsh, who
 used to work for the County, is working on the project.

Emails will be sent in mid-July, August and September to remind drivers to avoid
 Championship Drive. Internal signs will be put on Fiddler's Creek Parkway to deter turning onto
 Championship Drive and having to turn back.

126 Mr. Pires noted the Notice of Commencement (NOC) will need to be executed and 127 suggested the Maintenance of Traffic (MOT) Plan be added to the next agenda.

128 Mr. Parisi introduced Mr. Aaron Hack, Deputy General Counsel.

129

130 131 132		On MOTION by Mr. Schmitt and seconded by Mr. Slater, with all in favor, authorizing Staff to prepare the Notice of Commencement and for the Chair to execute, was approved.			
133 134 135		Mr. Christensen inquired about the excavation markings on Runaway discussed at the			
136	last m	eeting. Mr. Parisi stated he was unable to locate the party responsible for the markings.			
137		Discussion ensued regarding recent surveys in the area and homes for sale.			
138	\triangleright	Championship Gatehouse: Construction should be completed at the end of October.			
139		Mr. Slater sent the schedule to Mr. Adams to be emailed to the Board Members.			
140	\triangleright	The Golf Clubhouse is under construction and should be completed by the end of			
141	Januai	y 2024. Grass for the driving range and practice facility is being installed.			
142	\triangleright	Design work for the dog park is ongoing and will hopefully be completed in the summer.			
143	The sn	nall and large dog parks, facilities and parking will be in CDD #2 by Varenna and Laguna.			
144	Discussion ensued regarding the location of the dog park and the Fire Station parcel.				
145		Mr. Parisi believed the dog park cost and maintenance will be borne by The Foundation.			
146					
147 148 149	SEVEN	ITH ORDER OF BUSINESS Engineer's Report: Hole Montes, a Bowman Company			
150	•	Continued Discussion/Consideration of Proposal for Mulberry Lane Road and Valley			
151		Gutter Repairs Due to Tree Roots			
152		Mr. Cole presented a Collier Paving proposal of approximately \$19,000 for valley gutter			
153	and ro	bad repairs due to tree roots. He suggested monitoring this as it is an aesthetic issue			
154	caused	d by the tree and it is not causing any catastrophic flooding.			
155		Mr. Schmitt discussed spalling in the road and expressed frustration as he believes the			
156	area was previously repaired but the tree roots were not treated. He and Mr. Cole discussed				
157	the repair and were unable to agree on the location in question. Mr. Cole and Mr. Schmitt will				
158	inspect the area and report their findings at the next meeting.				
159					
160 161		On MOTION by Mr. Slater and seconded by Mr. Schmitt, with all in favor, tabling this item to the next meeting, was approved.			

162 163 164 165 166	EIGHT	TH ORDER OF BUSINESS	Discussion/Consideration Repairs Proposals	of Concrete
167		Mr. Cole presented the following:		
168	Α.	Collier Paving and Concrete, Curb Re	pairs	
169		Mr. Schmitt inquired about the repart	airs listed. Mr. Cole stated the re	pairs in Item 8A
170	repre	sent areas requiring repair and replac	ement since the last time he ins	pected; they are
171 172	struct	ural cracks, not aesthetic repairs. The s	idewalks listed in item 8B are lifted	l and/or cracked.
173 174 175 176		On MOTION by Mr. Weinberg and se Collier Paving Curb Repairs prope approved.	•	-
177 178		Mr. Schmitt suggested adding the re	pair noted in the Seventh Order of	f Business to this
179	contra	act, pending Mr. Cole's inspection, rath	er than mobilizing for just one area	э.
180	В.	Collier Paving and Concrete, Sidewal	k Repairs	
181				
182 183 184		On MOTION by Mr. Schmitt and sec the Collier Paving Sidewalk Repairs p approved.		-
185 186 187	C.	Timo Brothers, Inc., Paver Repairs		
188				
189 190 191		On MOTION by Mr. Schmitt and sec the Timo Brothers, Inc., Paver Repa approved.		-
192 193				
193 194	•	Continued: Engineer's Report: Hole I	Montes, a Bowman Company	
195		Mr. Schmitt asked if the sidewalk fr	om Fiddler's Creek Parkway to th	e main gate was
196	evalua	ated. Mr. Cole believes all areas were e	valuated and some only need aest	hetic repairs.

197 Mr. Cole reported the following:

198 > Lake bank repairs are nearing completion and the crew is waiting for the sod.

199 The permanent bags are in place and sacrificial bags are in place but they will not be cut 200 until sod delivery is confirmed because rain could wash away the sand. Most work occurred 201 along the south side of Mallard's Landing; several spots along the south side of Runaway and 202 one location in Bellaggio were addressed. He will survey another area.

203 Mr. Christensen recalled that, at the last meeting, evaluating the rest of Runaway and a 204 portion of Marsh Cove was recommended. Mr. Cole noted the limited funds budgeted and 205 stated the inspector identified numerous areas, which will be inspected, prioritized and 206 addressed according to severity.

Florida Department of Transportation (FDOT) approval of the traffic signal is pending.
 More comments were received but he is optimistic that approval will be forthcoming.
 Completion by summer 2024 is anticipated.

Discussion ensued regarding one-month warning and one-month blinking light periods,
equating to approximately two months, before the light is fully functional, once installed.

The irrigation pumphouse pumps were ordered and replacement is expected in August
 or September. The entire roof must be removed to install the pump skid. The architect is
 working on the roof replacement plans and the permits will be submitted to the County in July.

215 Mr. Schmitt asked if the roofing material was resolved. Mr. Cole believes it was to be a 216 tile roof. Mr. Schmitt recommended a tile roof. Mr. Cole will coordinate with the architect.

217 Mr. Parisi thanked the group that has been working on the Baseline community 218 irrigation project, including Valerie, Aaron and Mr. Benet. He met with consultants and received 219 a request to begin thinking about submitting a Request for Proposals (RFP); he recommended 220 hiring a Construction Manager who understands how to coordinate the installation. He will 221 keep the Board apprised of further developments.

222 Mr. Parisi stated preparations to develop Parcel 6, which is the Driving Range, are 223 underway. The creek is on the outside edge so he would like to install a seawall on the Lake 224 Maintenance Easement (LME).

225

Discussion ensued regarding easements, permits and engineering.

FIDDLER'S CREEK CDD #1

DRAFT

226 Mr. Pires stated the property was the subject of one of the bond series so it might be 227 necessary to engage Bond Counsel to determine if a Supplemental Trust Indenture is needed, 228 as well as a Resolution authorizing the conveyance and a Maintenance Agreement. Mr. Pires 229 stated these issues will be addressed before the next meeting.

230 Mr. Parisi stated the old Hidden Cove, behind Oyster Harbor, will now be called Live231 Oaks. The Hidden Cove, by Runaway, will remain as Hidden Cove.

232 Mr. Schmitt stated six or seven sections of perimeter fence along Mulberry slipped and 233 a portion of fence on Championship is leaning. Mr. Cole stated it was probably caused by 234 Hurricane Ian; he will have the areas inspected and locate a contractor.

Mr. Schmitt stated, in the area where bougainvillea were recently trimmed, he observed rotted wooden guard rails by the creek before the guardhouse; one has bolts falling off. He described the location of the guard rail. Mr. Cole believes the guard rail is required. Mr. Parisi stated, when the bougainvillea were trimmed, trees were also cut down and now there is an open view to residents' yards. He recalled the Board being advised that the community-wide standard needs to be maintained and stated that affected residents are complaining. He will forward photographs of the affected area to address the issue.

242

Mr. Cole stated he will inspect the area and research the requirements.

243

245

244NINTH ORDER OF BUSINESSDiscussion: Fiscal Year 2024 Budget

246 Mr. Christensen noted that the revenues and Equivalent Residential Units (ERUs) on 247 Page 3 assume no new sales. Mr. Adams stated he will confirm that and noted that ERUs usually 248 come in later in the process; although, all 1,510 units are anticipated, as all are platted.

249 Mr. Christensen noted that \$28,000 is budgeted for the "Street lighting- Electricity" line 250 item but electricity is currently \$3,000 per month. Mr. Adams will adjust it to \$36,000.

Mr. Weinberg recalled discussions about needing road markings. Mrs. Adams stated Mr.
 Cole submitted estimates in advance of the last meeting and the estimates were included.

253 Mr. Adams stated the "Lake Bank Erosion" line item was increased from \$60,000 to 254 \$100,000 since the last discussion.

255	Mr. Schmitt stated some of the erosion m	easures deteriorated. He asked if there is a
256	warranty. Mr. Adams thinks the warranty on the	e fabric is 15 years; he will research it. Mr.
257	Schmitt noted that some of the areas are new. N	Ir. Cole asked for the specific information so
258	that he can check on it.	
259	Mr. Adams recalled discussion about direct	ting surplus fund balance to the traffic signal
260	project. Mr. Cole stated the current estimate has	grown to approximately \$1.420 million. Mr.
261	Adams will adjust the budgeted amount to \$710,00	00.
